

## **Voices in the Heart**

Have a heart within your heart  
for the sake of your heart.

Don't think twice; think deep  
with thoughts on a scale without a beep!

Don't dive into a space without a glance,  
the world is a floating space  
capable of shunning your pace!

Don't spread your arms merely in the air;  
breathe at intervals to feel the air!

Fix your eyes beyond the firmament  
not for weakening retirement  
but for soul conferment!

Dip your mind within your soul  
to grab the ultimate soul  
firmly knitted in the Figure head  
of the Fountainhead!
