

## **I am Snow**

Snow embraced me on my silky bed  
    in a nightly chase cloned in a dream.  
In the morning, I embraced the snow with whiteness  
    borne of a child's heart.  
Now, all I see is snow, snow, snow!  
    I see snow!  
I breathe snow!  
    I feel snow!  
I touch snow!  
    I am snow!
